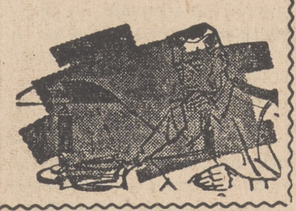
Landscaped Median Seen for Broadway

The DIMMER VIEW

by Max Goodwin



Non-alcohol Can Lose Friends

Someone ought to come to the aid of San Diego Padres manager Preston Gomez.

At regular and frequent intervals there pops up a story that Preston's days are numbered.

Maybe they are — maybe they aren't. There is no corroboration from Padre top brass to substantiate the rumor.

In discussions with sportswriters there is no hard knowledge that Preston is going to be released — but the rumor persists.

In trying to track down whatever facts that might be involved in the separation of Preston Gomez from the Padres, there popped up another rumor.

This one had to do with a well known sports writer in San Diego (not a featured columnist).

The rumor goes like this: The sportswriter, who travels with the Padres got up-tight when Gomez ordered that no more free booze would be served aboard Padre's aircraft carrying players from game to game. The reporter tried to get Gomez to change his mind but Gomez stood his ground. The thwarted sportswriter began venting his spleen on Senor Gomez by making a critical, tho seemingly rational observations about Gomez in almost every story when the Padres lost. This gives the writer a lot of opportunities to suggest the separation.

Can a sportswriter be effective in causing a manager to lose his job?

Gary Schumaker of the old New York Journal American and Tom Meany of the old N.Y. World Telegram were successful in getting Bill Terry fired even after Bill guided the Giants to the World Series back in 1935-36.

Then Dick Young of the New York Daily News dingdonged Bert Shotton who managed the Dodgers until he was fired in the early 50's after Young targeted in on him.

Thus, a sportswriter on any good newspaper can change the life's work of a beleaguered manager. The writer is all the more potent when the manager is trying to make a winning team out of a bunch of guys who hadn't even been properly introduced to each other a few months ago.

Is reporting this situation here in the best interest of sports? Will the telling of this story serve any useful purpose? Will this piece cause the waspish sportswriter to quit taking advantage of the space available to him as a sportswriter? The writer of this article is also a publisher. If a writer abused available space, the writer would be fired out of hand.

Yet, there is a chance that the rumor about the sportswriter is as unfounded as the one suggesting that the Day of the Gomez is near an end.

Gomez is respected by player and fan. He is known as a sincere, intelligent, and capable manager. Heckling from a dissident with access to a typewriter might indeed force Gomez's separation.

If Gomez leaves his job because of a writer's personal vendetta, the person who replaces him would have to place his fate in the typing fingers of one so responsive to free booze — or the loss of it.

We suspect it would reduce the number of qualified applicants for the job.

Cards To Be Distributed To Legalize Emergency Treatment Of Minors

The "Authorization for Consent to Treat Minors" program is a new community service sponsored by the Grossmont Hospital Women's Auxiliary.

Its purpose is to enable prompt emergency medical aid for persons under 21 years of age when their parents cannot be reached. Section 25.8 of the Civil Code of California, enacted in 1966, gives legal status to the treatment of minors in emergencies if the parents have designated in writing an agent or agents to act in their place.

Authorization forms are being made available to the public through the local schools in the hospital district, or in the hospital lobby. When properly completed and returned these cards will be filed as permanent records of the auxiliary and available 24 hours a day to any hospital, doctor or legal authority.

Informative letters are being mailed firs class to hundred of doctors, civic organizations, churches, youth groups and the fire, police and sheriff departments.

Distribution date of cards is October 19.

Mrs. Howard Mueller and Mrs. John Cady, of Spring Valley, is president of the Grossmont Hospital Auxiliary.

A committee of over 75 volunteers has been working this summer on the details of distribution.

Scout Night Set

Dr. M. Ted Dixon has been named chairman of the fourth annual "get it together" School Night to Join Scouting on October 7, sponsored by the County Council of Boy Scouts.

The appointment of Dixon, who is Superintendent of County School, was made by John A. Bruhn, chairman of the Council's Organization and Extension Committee.

In the three previous programs, about 5,000 boys have been enrolled annually as a direct result of the school night activities held at schools throughout the county, Dixon said.

"This successful project will again enroll thousands of new members in packs and troops, gain parent participation in Scouting, and aid in forming new units where needed", he said. Cub Scouting is open to boys 8 to 10, and Boy Scouting is for youngsters 11 to 13.

Sea World, Padres Set Full Fun Day

Application blanks are available at the office of this newspaper for the Padres-Sea World Double Dip.

It will provide a full day of fun on Saturday, Sept. 12 for $5.

By ordering in advance the fun-seeker will get a $3.50 ticket to Sea World to the whales and the porpoises play — plus all the other attractions. At the same time he will get a $3.50 ticket to see the runaway Reds play the Padres at the stadium.

Tickets for kids 15 and under are $2.50.

The office is at 7834 Lester ave., Lemon Grove.

Rock Park For County?

SAN DIEGO (CNA) — County supervisors on Tuesday approved a study on the need for an unconventional experimental park designed to serve young people.

The action was taken over the strongly-worded objection of De Graff Austin who said it was a "sickening proposal."

Such a park might be a place where rock concerts could be held along with other activities.

Harry Scheidle said that government must face up to its responsibility in supplying varied facilities for recreation.

Austin said, "We are getting into an area of foolishness."

Although the study was approved, approval of an actual park is a long way off.

Judge Hussey To Receive Legislative Resolution

Municipal Court Judge Luther N. Hussey, of Lemon Grove, who served two Judicial Districts for 19 years, will be honored Tuesday at a joint meeting of the San Diego and Lemon Grove Kiwanis clubs.

Assemblyman Wadie Deddeh, in whose district Judge Hussey lives, will present him with a framed copy of a Legislative Resolution passed by the Assembly just before it closed its last session.

The presentation meeting will be at the regular noontime meeting of the downtown club in the Palm room of the U. S. Grant hotel according to Robert Bollum, club president. Hussey is a charter member of the Lemon Grove club but transferred his membership to San Diego when he was called upon to serve the San Diego Municipal Court District. Upon his retirement last year, Hussey transferred back to the Lemon Grove club.

The Resolution being presented by Deddeh is for serving with distinction the people of San Diego and for his contribution to the cause of justice.

It cites that Hussey reorganized and reformed the traffic court for which he received the firt Justitia Award of the American Bar Association Traffic Program committee.

He authored a Small Claims Court Trial Judges manual which was acclaimed by the California College of Trial Judges. It is now used for student lawyers.

He was a member of the first faculty of the California College of Trial Judges held in Berkeley in 1967.

Judge Hussey and his wife live at 7205 San Miguel.

LG Fire Report

The Lemon Grove Fire Department had no fire calls for the week of Aug. 24-31, but did answer two rescue calls.

On Aug. 27 at 5:48 p.m., firemen went to 2655 Bonita st. where Richard Camacho, 4-years old lived. He had been struck by a car while crossing the street in front of his home. He sustained bruises and was sent to Grossmont Hospital, but soon released.

Robert Logan, 47, of 4894 Garfield, La Mesa, was at the "Spin Inn" on Imperial ave., when his leg started to bleed Aug. 29. Firemen were called at 1:55 p.m. and Logan was given first aid, and sent to a hospital.

Supervisors - Health Head Policy Confrontation Seen

SAN DIEGO (CNA) — County supervisors have asked for an executive session presumably to discuss the board's relationship with Dr. J. B. Askew, county health director when he returns from vacation next week.

Supervisor Walsh and Askew are at odds over food handlers permits. Walsh said he does not believe a system under which one health examination furnishes a lifetime card is much good.

An ordinance outlining the change will be before the board in two weeks.

Askew has been at odds with board members perhaps more than any other department head. The health department enforces many county laws and rules and sometimes makes people unhappy and these people often complain to board members.

Askew also functions as the state health officer and enforces state law independently from the board. It was in such capacity that he banned the sale of raw milk, a ban which caused a great outcry and consternation to board members.

Enforcement of mobile home park and camping regulations is a new sore spot and one that produces many complaints.

The board killed both the anti-rabies and livestock protection wildlife trapping programs over Askew's strong objection.

Askew is a man of strong convictions who does not hesitate to tell the supervisors what he thinks in his deep, forceful voice.

There is some question if the board is acting properly in calling an executive session unless there is actually a movement afoot to fire the doctor.

In that event, Dr. Askew would have the right to have the meeting in public.

It did not appear that the situation has grown this serious, although it might have.

If the board merely wants to talk to the doctor as a body to see if thy can gain an understanding, this appears to be a violation of the Brown Act against secret meetings.

County Counsel Bertram McLees said that the board can meet in private to consider hiring or firing of personnel, but not just on "personnel matters" as board members are apt to phrase it.

Local Company Gets Construction Contract

The California State Department of General Services announced last week that a Lemon Grove company, Will-Sar Construction Company, has been awarded a $95,527 contract for work on an inspection facility on Interstate 5, near San Onofre.

The job, which includes two semi-open steel frame shelters, with roofing areas of 7,000 square feet, will be completed at the truck scale station south of San Onofre.

One structure will be constructed to serve the northbound lanes, and one will be constructed for the southbound lanes.

Southwestern Adds Two New Counselors

Two additional Counselors have been added to the staff at Southwestern College it was announced by Charles E. Schultz, Director of Guidance at the College.

Tony L. Hernandez joined the staff effective August 1, 1970. He has previously spent several years with the San Diego City Schools in Special Education as a School Psychologist. Hernandez holds a B.S. from San Diego State in Zoology and an M.A. in Education.

Leo Nichols joins Southwestern College as a Special Programs Counselor, from a similar position with the Sweetwater Union High School District. Nichols received a B.A. in Spanish from Arizona State University, and is currently working toward an M.A. from San Diego State.

Miss Johanna Paladino, a member of the Southwestern Faculty for the past five years, has been named Assistant Dean of Student Activities. Her new duties will include supervising the Pep Squad, the Associated Women Students and coordinating all on-campus student activities.

Local Group On Planning Meets Today

The next in the series of meetings of the Lemon Grove Planning Association will be today at 3 p.m. in the L. G. Junior High school auditorium.

Jim Dorman, local attorney and presiding officer of the group said that he will ask the group to adopt by-laws, boundaries, and a work program.

"It isn't likely that we can accomplish all three objectives by 5 o'clock, but we'll go as far as we can," he said.

The group, when officially formed, will advise the County Board of Supervisors as to the future makeup of the community. It will have no zoning power but its opinion will be considered seriously by the supervisors.

All meetings are open to the public and anyone may serve on either of the two committees which make up the group.

CoC To Petition Owners For Parking and Shrubs

The Lemon Grove Chamber of Commerce Thursday unanimously approved a Broadway improvement program that could bring the entire length of the thoroughfare under the control of a county service area.

A county service area is similar to that of an improvement district except that it is formed for providing services.

It would upgrade the road project already programmed by County Engineers for early 1971. In its improved form it would provide landscaped median strips with left turn storage. A resurfaced thoroughfare and median strips without landscaping are already budgeted for 1971.

The county service area device would also provide for paving, curbing and maintenance of the privately owned property now used for parking on each side of Broadway between Kempf and Olive.

It would reset present ornamental lighting standards about four feet nearer the center of the road to give more space to parking.

It would stripe, sweep and maintain the parking area.

In its ultimate form, it would also underground utilities and landscape medians from Olive west to the College off-ramp.

Cost Is $34,000

Rudy Massman, assistant county engineer, told the chamber board of directors that the parking and landscaping work would cost $34,000 above the work already scheduled.

This amount would be charged to the service area only after the County is petitioned to do the work.

The traffic bottleneck between Main and Olive streets will be removed, Massman said. Funds for acquiring that property has already been budgeted.

If the parking improvement is made it would cost "two or three parking places along the entire strip," Massman said.

The maintenance cost for the entire landscaping area would cost property owners about $3,200 a year, Massman said. There would be no cost for undergrounding utilities if the project is approved by the Public Utilities Commission. There would be a cost of bringing the service from the front property line to a new service hook-up on the building. The hook-up service would be provided by local contractors. This cost is said to be "nominal."

Petitions must be signed by property owners representing 60 per cent of the length of the improvement to form the service area.

Bob Russell, chamber president, said chamber workers would distribute the petitions. He said the entire length of

Class Offered For Parents Of Retarded

Grossmont Adult School will offer two new classes for parents of retarded children. Both classes will be six weeks in length and will meet from 7-9 p.m. on Wednesday evenings beginning September 23 at the Grossmont Workshop, 101 South Mollison, El Cajon.

The courses are titled: "Problems of Parents of Downs Syndrome Children," and "Problems of Parents of Brain Injured and Behavior Disturbed Children." "Parents with retarded children face unique problems in child-raising," according to Irmagard Blaufuss, Grossmont Workshop teacher, "and these two separate courses are designed to assist parents of this type of retarded child to better understand the nature of the child's handicap and to provide information concerning the physical growth and development, adaptive social behavior, educational potential, and language development of the child."

Both classes will be taught by specialists in the specific

Board O.K.'s Proceedings To Acquire Spring Valley Site For Tenth School

The Grossmont Governing Board has taken the first steps toward acquiring a site for the District's much needed tenth high school.

In a special meeting last week the Board authorized the beginning of condemnation proceedings to acquire approximately 66 acres in Spring Valley. The Trustees emphasized that the condemnation process will be taken only as a last resort. Authorization of the proceedings make it possible for the District to employ appraisers to determine the fair market value of the property.

The proposed site is located in Spring Valley, south of Highway 94. It is bounded on the north by Kenwood dr. and the southern edge is bounded by property on Lamar st., Bray ave., Tralee Terrace and Blarney ave. On the east is Kenora rd. and on the west it is near Helix st.

A portion of the land is presently in use for growing agricultural products. The major section, of approximately 39 acres, is owned by the Standard-Pacific Corp. which has a residential subdivision of 126 homes planned for the site. They have offered to sell their portion to the District at a price of $9,500 per acre.

After the land has been appraised, the offer by the Governing Board to Standard-Pacific would be based on the lowest figure, the appraisal or the corporation's asking price.

District officials estimate that the total purchase price may exceed $500,000.

A tenth high school was cited as a top priority item in a recent report to the District from James Thrasher of the Institute for Educational Management. The new school would be needed as soon as possible according to the report to relieve overcrowding at Mt. Miguel, Helix and Monte Vista high schools even after a ninth high school is completed in 1972.

Purchase of the tenth high school site would be accomplished by using bond money that is marked for construction of the ninth high school. This money would have to be replaced with money from a new bond issue or by using the general purpose operating tax rate.

In other matters the Board awarded a contract to Designed Facilities Corp. to provide 36 portable classroom facilities to the District.

A contract was also awarded to the American Electrical Contracting Corp. for installation of air conditioning in some instructional areas at El Capitan High School, and to install additional electrical facilities to improve power distribution at El Cajon Valley, El Capitan, and Santana high schools. Total amount for the electrical and air conditioning projects was $172,700.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

How does one say "I doubt it." in Spanish? Is there a specific word which means "to doubt?" Please give some examples of how "doubt" is used.

"Dudar," pronounced "do-DAHR" means "to doubt." This may be converted to the first person form "dudo" to express "I doubt." If you wish to add "it" (lo) to the statement, you may say "Lo dudo" for "I doubt it." The negative form may be expressed by beginning the phrase with "no" resulting in "No lo dudo." for "I doubt it."

To prepare the question form the verb will precede the subject as seen in "Lo duda el?" which means "Does he doubt it?" A response might be "El lo duda." for "He doubts it."

If you wish to say "How can you doubt me?" just place a questioning look on your face and say "Come me puedo dudar?" This same phrase can be expanded to a plural subject by saying "Como me pueden dudar?" for "How can they doubt me?" Another plural form is seen in the phrase "Ellos dudan todo." which means "They doubt everything."

The noun form of "dudar" is "una duda" (a doubt). An example of this form is seen in the expression "Tengo una duda." (I have a doubt.).

Variou forms of "dudar" are represented in the practice phrases listed below. You may wish to practice them with the recorded voice that says them for you when you dial 276-2762 on your telephone.

IMPORTANT PHRASES:
Say "Lo duda usted?" (loh DOO-tha oo-STEHD) for "Do you doubt it?"
Say "Yo lo dudo." (yoh loh DOO-thoh) for "I doubt it."

USEFUL PHRASES:
Say "Me duda usted?" (meh DOO-thah oo-STEHD) for "Do you doubt me?"
Say "Le dudo." (leh DOO-thoh) for "I doubt you."

OTHER PHRASES:
Say "Tiene usted dudas?" (tee-EH-nah oo-STEHD DOO-thahs) for "Do you have doubts?"
Say "Tengo muchas dudas." TEHN-goh MOO-chahs DOO-thahs) for "I have many doubts."

Wengert Is Supervisor Of Jehovahs' Witnesses

The appointment of Joseph D. Wengert to District Supervisor of Jehovah's Witnesses for the Southwestern United States has been announced by the Watchtower Bible and Tract Society.

The 300 Jehoval's witnesses from the Spring Valley-Lemon Grove area will have their

first opportunity to hear Wengert at a convention Sept. 4, 5 and 6 at Russ Auditorium. He will address them on the subject, "Who Will Conquer the World in the 1970's?" at 3 p.m. Sunday.

Wingert, a graduate of Gilead Bible College, has been a traveling representative of the Watchtower Society for 21 years. His last position was as District Supervisor for parts of Missouri, Iowa, Nebraska and Illinois.

This summer he was chairman and principal speaker at the St. Louis, Missouri convention. The local convention begins this Friday evening and is open to the public.

Groundbreaking Set For Synagogue

Groundbreaking ceremonies for the new community synagogue of the Beth Tefilah congregation will be held Sunday at 10:30 a.m. on the present site, 4967 69th st.

The old sanctuary will remain until the new one is completed. It then will be demolished and the land used for parking. This is the first structure of its kind to be erected in San Diego during the past 20 years.

Rabbi Samuel Penner is the spiritual leader of the seven-year-old conservative congregation which calls itself "the community congregation of San Diego." Melvin Semi is congregation president, and Benjamin Kolkey is chairman of the building committee whose goal is $350,000.

The new sanctuary will seat 350 persons for regular services and has movable walls to double the capacity during holiday and special services.

Plans call for a social hall, kitchen, ten classrooms and a small chapel for daily services. The synagogue will be completely air conditioned. Completion is scheduled for early 1971.

Two Plays Planned At Balboa Park Theatre

By Lynn Jones

Two original puppet plays, by Maurice Knox of El Cajon's Puppet Hut, will be presented in the Balboa Park Puppet Theater for four days beginning tomorrow. The plays will be put on at 1:30 p.m. and again at 2:30 p.m. through September 7.

"The Reluctant Duck," wherein a youthful duckling sets out to become a human, but decides under the circumstances that swimming and quacking lessons aren't all that bad, will open the show.

"The Witch's Trap," a marionette show about an occult hag who lures youths into the woods to play in a magic swing, will comprise the rest of the show, which will be presented daily.

* * *

Led Zeppelin will be playing for three continuous hours tonight at the Sports Arena between 8:30 and 11:30 p.m.

* * *

"Charley's Aunt," the Victorian comedy by Brandon Thomas about mistaken identity will be performed eight more times on the Old Globe's Cassius Carter Centre Stage, at 8:30 p.m. Tuesday through next Sunday and at 2 p.m. Saturday and next Sunday. There are no showings on Mondays.

For more information call 239-2255.

* * *

Christopher R will perform his own one-man play, "One Last Pidgeon", plus readings from Mark Twain and Shakespeare at 9 p.m. Fridays and Saturdays in Gallery West, 4612 Cass St. Pacific Beach, preceded each evening by folksinger Julie Thompson.

* * *

Every Saturday and Sunday the Puppet Playhouse at 3903 Voltaire, presents a variety of puppet plays at 2 p.m.

Seven new films will be scheduled for San Diego movie theatres this month. There will be two detective stories — one set in San Francisco and the other in Harlem.

"They Call Me Mister Tibbs!" is the San Francisco detective story. This story is about Lt. Virgil Tibbs, played by Sidney Poitier, who is unhappy because he has to question his old friend, Rev. Logan Sharp, portrayed by Martin Landeau, about a murder in his parish.

"Cotton Comes To Harlem", is starring Raymond St. Jacques and Godfrey Cambridge in an all Negro comic melodrama.

Other shows are: "The Virgin and the Gypsy", starring Joanna Shimkus and Franco Nero. "Hornet's Nest", starring Sylvia Koscina and Rock Hudson. "On A Clear Day You Can See Forever", starring Barbra Streisand. "One More Time", starring Peter Lawford and Sammy Davis Jr. And "Barquero", starring Lee Van Cleef.

All of these shows will be showing this month. Watch this newspaper to find out when and where to see the shows.

PLANS TOLD— Dr. and Mrs. William R. Schell of La Mesa announce the engagement of their daughter, Constance Eileen to Jack R. Gogerty, son of Mr. Robert Gogerty and the late Mrs. Shirley Gogerty of San Diego.
Miss Schell, a licensed vocational nurse, is a graduate of Grossmont High School, Grossmont Junior College, and Mesa College's Vocational Nursing School. Her fiance is a graduate of Grossmont High School, Grossmont Junior College, and attended Arizona State University. A February 14 wedding is planned.

Horse-play is a lot of fun for youngsters and sometimes for adults too, but around the pool it is something to strictly avoid. The result of this is all too often an accident or even a drowning. Nothing is that much fun.

Red Cross Seeks Volunteer Help

Military hospital volunteer aides and social welfare and staff aides for the San Diego County Red Cross Chapter are being sought for interviews in September.

Due to the military cutbacks, an additional 200 women daytime volunteers, some men for wards and in recreation have been requested by Admiral H. D. Waren to assist at tht Naval Hospital in San Diego.

These volunteers will be trained and will work at least one day a week with doctors, nurses and patients in the various clinics of the hospital.

Social welfare aides are urgently needed to work during the day, either full or part time in the Service to Military Families department at San Diego Red Cross Chapter. The main requirement is an interest in human beings and a desire to help with their problems.

Local Scouts To Take Look At Future Sept. 24

More than 200 Boy Scouts in San Diego County who have attained the rank of Eagle Scout during the past year will be honored at a Recognition Banquet Thursday, Sept. 24, at Gulf General Atomic, a division of Gulf Energy & Environmental Systems, P. M. Klauber, vice president, San Diego Gas & Electric Company and general chairman of the event announced this week.

Scouts from Lemon Grove participating include Bruce L. Grandjean, of 2280 Berry st., David H. Hill, of 8100 Darryl st., and Michael C. Phillips, of 2247 Delco dr.

The scouts will have a look into the future as Gulf engineers and scientists stage a program on the latest nuclear development and environmental systems projects underway at their facilities.

A special display of engineering models is being planned for the occasion, Klauber said, and Gulf specialists will be on hand to explain the exhibits to the youth.

Each Eagle Scout will be the guest of a civic, business or professional leader.

"Becoming an Eagle Scout is a mark of success," said Klauber. "It means a boy has persistence and purpose. We want these young men to have an opportunity to meet and exchange views with successful people in the adult world."

DeGroot Shows Flower Slides To Kiwanis

"Flowers from Central USA" would be an appropriate title for a presentation given by William D. DeGroot to the Spring Valley Kiwanis Club last week. DeGroot, a member of the club, shared 100 of his brilliantly colored slides of lilacs, forget-me-nots, tulips, rhododendrons, and azailias with the group.

He selected 100 of his original 350 slides taken in North Carolina, Pennsylvania, Ohio, and Wyoming. These slides were taken at the height of the flower season during the last of May and first of April on an 8,000 mile trip through the U.S.

DeGroot has offered to give the presentation again to retirement homes if they will contact him by mail at this address: 13162 El Cajon blvd., E. Space 181, El Cajon, Calif. 92021.

Spring Valley Woman To Hold Flower Workshop

Mrs. Lowell E. Elson, of Spring Valley, will direct an evening workshop in the Ikenobo School of Japanese flower arranging Wednesday, Wednesday, September 9 from 7 to 10 p.m. at the Floral Building, Balboa Park. The workshop is under the sponsorship of the San Diego chapter of Ikebana International and is open to the public for a small workshop charge.

The shoka style will be the subject of the workshop, and Mrs. Elson asks that students bring their own materials.

Materials needed will include seven aspidistra leaves, four "left handed," and three "right handed." The tallest of these leaves will be four times the size of a compote container.

Also needed are needle point holders, flowers, and wire.

The Ikenobo School is the oldest school of Japanese flower arranging, having been founded in the 6th century A.D. when a Japanese envoy to China returned to his homeland, took the priestly tonsure, and secluded himself by the side of a lake. He became known as "Ikenobo," that is, "Buddhist priest of the pond."

Devoting himself to prayer and flower arranging, he taught other priests from other temples. The school still thrives today and is one of the largest, with headquarters in Tokyo and an institute in Kyoto. In this country there are institutes in San Francisco and New York.

Seat belts do save lives but only if they are worn. "Buckle up for safety" is not just a slogan it's a way of life — a way of savings lives.

District Reassigns Personnel As School Opening Draws Near

The Grossmont Union High School District has announced more than 20 administrative promotions and reassignments for the 1970-71 school year.

Leading the list is the new principal at El Capitan High School, William Davis, formerly vice principal at Grossmont High School. Davis replaces Russell Savage who resigned to accept a teaching position at United States International University.

Also previously announced Fred Greta, formerly vice principal at Granite Hills, becomes principal of the Adult School program at Mt. Miguel High School.

The new director of Pupil Personnel Services will be Dr. Nicolas Mallek. This new administrative position will be primarily responsible for the District's' drug education and drug rehabilitation program.

A former vice principal at Helix, Robert Pyle, becomes assistant principal at Mt. Miguel High School.

The District's five new vice principals will include, Pat Carroll at Grossmont, Dan Arens at Helix, Joe Smidt at Mt. Miguel, Mary Ross at El Capitan, and Glenn Otterson at Granite Hills.

Eleven employees were involved in counselor shifts. They include, Paul Moe and Phil Rogers at El Cajon Valley, Larry January at El Capitan, Roger Bulier, Joan Smith and Al Van Zanten at Granite Hills, Dave Polich and Richard Snow at Monte Vista, Del Grissen, Larry Maw and Bobby Avant at Santana High School.

Two specialized counselors have also been selected. Frank Kowalski becomes a vocational counselor in the Special Education program and David Leewaye will be a counselor for the federally funded English As A Second Language (ESL) program.

Two new Associated Student Body (ASB) advisors have been also named. Max Keyte for Mt. Miguel High School and Gary Bunker will be at Santana High School.

AT MOUNT MIGUEL — Foreign Exchange students Sule Oguz, second from left, and Juergen Puetter, right, get together with members of the Mount Miguel International club to talk about the upcoming school year. Sule is from Turkey, and Juergen is from Germany.

Kiddies Get Water Safety Certificates

Twenty four Lemon Grove children have received the Red Cross Beginners Water Safety Certificate as a result of the Mt. Vernon PTA's annual Backyard Swim Program.

Forty seven elementary school students participated in the swim which was under the direction of Mrs. Al Mitchell. Backyard Swim is held each summer by the Mt. Vernon PTA in conjunction with the American Red Cross.

Since its beginning in 1956 the plan has been responsible for allowing over 75,000 students nationally to complete the two week course in pools donated by local residents.

Seven area families each had two members pass the final examination. They included Michael and Randy Comer, Michelle and Duane Helgeson, Marla and Robert Zamora, David and Greg Barcus, Doreen and Darleen Stallard, Paul and Jay Neuhaus and Diane and Joana Braun.

Others were Terry DeNunzio, Greg Willet, Scott Hiles, Gordon Ayres, Jeff Mitchell, Mark Cervantes, Melanie Harris, Dale Todd, Patti Gwathmey and Celeste Northrop.

Pools were donated by Mr. and Mrs. Dwight Putnam, 3055 Crane and Mr. and Mrs. Fred Harris, 2503 Mulder.

School Lunch Prices Set

When children in the Lemon Grove District return to school on September 14, a good meal will be available to all students.

The lunches that meet 1/3 to 1/2 of the child's nutritional requirements are served on a non-profit basis at 35c for students through the 6th grade and 40c for 7th and 8th grade students. The price is up 5c from last last year.

Milk only will be 10c for 1/2 pint as no special milk subsidies will be available this year.

Quantity food purchasing, cash subsidies, and surplus food commodities make it possible to keep costs at a minimum.

According to Mrs. Ruth Pfister, Cafeterial Supervisor, the school lunch is a well-balanced meal and, with rising food costs, a real nutritional bargain.

SLOBB Goes To Bay City

Following a successful summer-long clean up campaign in the San Diego area, SLOBB (Stop Littering Our Bays and Beaches), has accepted an invitation from Norvell Gillespie, Executive Vice President of the California Anti-Litter League, to demonstrate the program in San Francisco.

A delegation of leaders in the SLOBB program left for San Francisco where they were met by a delegation of the California Anti-Litter League.

The SLOBB delegation were taken to Fisherman's Wharf, in the Bay City, where they demonstrated techniques in beach and underwater clean up.

Pacific Southwest Airlines provided transportation for the delegation to the Bay City, and will also provide the return trip.

Westgate Earnings Up

Westgate-California Corporation has announced earnings per share of 51 cents for the six months ending June 30, 1970.

This represents an increase of nine cents per share, or 21.4 percent, over the 42 cents per share reported for the six months ending June 30, 1969.

Net earnings at mid-year 1970 were $1,758,329 a 13.6 percent increase over $1,547,341 reported at mid-year 1969.

Gross revenues increased 26.9 percent with $67,319,165 reported June 30, 1970 as compared with $53.034,453 a year earlier.

American consumers now spend only 17.2% of their disposable net income for food, compared with 25% spent by consumers in Western Europe and about 50% in Russia.

Fourteen AFS Students Enrolled In Grossmont District Schools

Six boys and eight girls, representing 14 countries, will be attending Grossmont Union High School District schools next fall. Ranging in age from 16 to 18, all are high school seniors. Every District school will host at least one American Field Service foreign exchange student.

Money raised through school bond drives pays the entire AFS scholarship for each exchange student, other than room and board. The student's family, according to financial ability, matches the amount given in the scholarships.

Foreign exchange students who will be attending area high schools include Juergen Puetter, from Germany, an AFS student with Mount Miguel High; Sayed Monawar Shah, from Afghanistan, an AFS student with Monte Vista, and Carmen Carpanedo, from Brazil, an AFS student with Helix.

Also, Sule Oguz, from Turkey, will be studying at Mt. Miguel, while Marit Reutz, of Norway, will attend Monte Vista.

The foreign exchange students are staying with the families of regular students at each of the local schools.

Puetter will reside with Mr. and Mrs. H. Swanstrom, of 8115 Longdale dr., Lemon Grove; Shah will stay with Mr. and Mrs. G. Geil, of 11533 Rolling Hills dr., El Cajon, and Carpanedo will stay with Mr. and Mrs. M. Kost; of 7118 Stanford, La Mesa.

Oguz will live with Mr. and Mrs. W. Kreuzer, 662 Kempton st., Spring Valley, and Reutz will stay with Mr. and Mrs. R. Collier, 4275 Crestview dr., La Mesa, for the coming school year.

Other students in the district under the program, include, Andrew Baba, Japan, at El Cajon High, Marc Betrix, Switzerland, at Santana, Gabriel Kalam, Halaysa, at Granite Hills, and Edouard Piret, Belgium, at Grossmont High.

Girls in the program include Margareta Borg, Sweden, at Santana, Annie Gonzales, Chile, at Granite Hills, Deborah Harvey, Australia, at Grossmont, Leena Kaarina, Finland, at El Capitan, and Rhona Slome, South Africa, at El Cajon.

Clifford A. Foy, who has been supervisor of buildings and grounds for the National City Elementary for the past several years, will join the staff of Southwestern College as Supervisor of Maintenance, according to Verne Wolfe, College Business Manager.

He is a Navy Veteran of World War II, and was recalled to active duty during the 1961-62 missile crisis. He returned to the National City School district following his discharge in 1962.

Foy resides at 3904 Palo dr. in Bonita with his wife, Mary and their two children, Billy, age 11 and Cindy, age 10. He will assume his new duties Monday, September 14.

Garden Club To Meet

The Grossmont Garden Club will assemble at 10 a.m. Monday ,September 14 in the La Mesa Chamber of Commerce Bldg. for their regular monthly meeting.

Mrs. Allan M. Gray will give a talk on the "Practical uses of herbs." Visitors are always welcome to these meetings.

San Diego Evening College Plans New Fall Courses

An eighteen-week Small Business Management course will be offered by the San Diego Evening College starting Monday, September 14, according to Margaret W. Collins, Coordinator of Business Education. The class is being offered in cooperation with the Small Business Administration, an agency of the Federal Government.

The college will also offer two insurance classes during the Fall semester. An introductory course in principles of insurance, including review of the California Insurance code, will meet on Tuesday nights, starting September 15. This class is open to those interested in going into insurance and those preparing to take the State examination for the Agents' and Solicitors' license as well as those who are employed in insurance offices. It meets the State requirement for the Certificate of Convenience.

Advertising and Copy Layout will also be taught at the college on Thursday nights, beginning September 17, from 6:30 to 9:30 on the City College campus, 1425 Russ blvd.

This is a practical course in the techniques of creating effective advertising on the local retail level. Imaginative newspaper advertising will be emphasized with particular attention given to the sales power of an advertisement.

Machine Shorthand classes will be offered at the college starting Monday night, September 14. Beginning and advanced classes will meet on the City College campus from 7 to 9:30 p.m., two nights a week. The beginning class will teach the keyboard and theory of the machine and will introduce students to speed development. The advanced class will concentrate on building the required speeds necesary for stenographic and secretarial positions in business and civil srevice occupations.

A class in beginning floral merchandising will be offered starting Monday, September 14, on the City College campus.

The class will meet from 6:30 to 9:30 p.m., and will continue through the semester. It is designed for those in the floral industry and for those wishing to enter the industry. Mrs. Yvonne Berry who has had many years of experience as a retail florist will be the instructor.

Library Plans Puppet Show For Tomorrow

The Spring Valley Library announced a puppet show with Marie Hitchcock tomorrow at 10 a.m. in the cafetorium at Bancroft Elementary School, 8805 Tyler.

All children in the area are invited to attend the program Reading certificates will be distributed to those children who have read ten books during the summer.

The Spring Valley Library is open: Mon., Tues., Wed., Fri. 10 a.m. - 1 p.m. and 2 p.m. - 6 p.m., Thurs. 1 p.m. - 5 p.m. and 6 p.m. - 8 p.m.; Sat 9 a.m. - noon and 1 p.m. - 4 p.m.

Credit Records to Open

An unsuccessful applicant for consumer credit may learn why his credit was turned down in the future.

AB 149, described by its author Assemblyman Pete Wilson as consumer credit protection, permits the applicant not only to learn why he is considered a poor credit risk and to have corrected any errors or false information which are found in his credit file. It has been approved by the State Senate and will be returned to the Assembly.

Cattle is California's number one agricultural commodity in dollar value, with dairy products being second.

Registration Planned Today And Tomorrow At Local High Schools

Registration for new high school students who will be attending Grossmont District Schools for the first time, and who did not preregister last spring has been set for today and tomorrow at the schools.

Local schools will be registering students between the hours of 8:30 a.m. and noon, and 1 p.m. to 4 p.m.

"We ask that one or both parents accompany the student, if possible, as it is important that the parents, student and counselor work together as a team in discussing the educational goals of the student and the various programs available to him at the school," noted John Barrons, Assistant Superintendent, Educational Operations.

"It will also save time for parents and student if they call, prior to registering, for an appointment with the counselor," Barrons added.

The student should bring former school transcripts if they are available, however, they are not necessary for registration.

"Most of the 18,500 GUHSD students were preregistered and programmed in the spring for classes which begin Monday, September 14, said Barrons.

If parents are not sure which high school their youngsters will be attending they may call the Grossmont District office, 465-3131, for that information.

"Parents of students to be enrolled in Special Education programs should contact the Special Education office on the Grossmont High School campus, 465-3131, Extension 262, prior to September 8," said Barrons.

Students who will be returning to Grossmont Continuation School will register Thursday and Friday, September 10 and 11 at the Continuation School campus at 8925 Cuyamaca st., Santee.

Area schools are located as follows: Helix, 7373 University ave., La Mesa; Monte Vista, 3230 Sweetwater Springs blvd., Spring Valley; and Mount Miguel, 1800 Sweetwater rd., Spring Valley.

Swim Classes Planned At La Mesa Pool

A specialty program is being organized at the La Mesa Municipal Pool which will include all levels of swimming classes and a half-hour of exercise in the pool according to Tom C. Lean, Jr., Director of Recreation-Park Department in La Mesa.

Adult Swim classes will begin September 21 from 9 a.m. to 10:30 a.m. Participants may take the twice-weekly classes either Monday and Wednesday or Tuesday and Thursday.

Another session will commence on October 19 from 9 a.m. to 10:30 a.m. and 10:45 a.m. to 12:15 p.m. with the same twice-weekly classes.

Swimmers will be categorized according to their ability with different instructors for beginning, intermediate and advanced swimmers.

Classes will be limited to 40 participants for each class. Registration will be at the Municipal Pool Office in MacArthur Park commencing on September 1 and October 1.

The pool is heated to a comfortable 83°, sunshine or rain, and will remain open for public swimming from 1 p.m. to 5 p.m., Saturdays and Sundays until November 30.

Pre-Registration Set At Jamul-Las Flores From 9 a.m. To 2:30

Pre-registration for all new students, including kindergarteners, who will be entering Jamul-Las Flores School in the fall is scheduled for today and tomorrow from 9 a.m. to 2:30 p.m. at the school.

Parents registering their children must bring a birth certificate, or other proof of birth, and proof of polio immunization and rubeola immunizations with them.

Polio immunizations should have at least started, and students must be either immunized against or have had rubeola. Children entering kindergarten must be at least five years old by December 2.

Parents with religiously based obpections to immunizations may sign a certificate to that effect, after which time, the student will be excused from the requirements.

A meeting is scheduled for parents of kindergarten children September 10, at the school, so that they may meet with the school nurse, transprtation supervisors, the principal, and teachers.

Historical Landscaping Course Offered In Fall

An unusual survey of San Diego's historical landscape will be offered this fall by University of California Extension, San Diego in cooperation with the San Diego Historical Society.

"Scanning San Diego: Past, Present and Future" a lecture series in history, will study key events in San Diego's past with an eye for clues to a better future.

Mrs. Rita Wolin, a free lance writer on historical subjects and former editor of the Journal of San Diego History, will serve as coordinator for the course.

Freshmen To Attend School One Day Early

More than 4700 Heartland area high school freshmen begin school a day earlier than their upper classmen. Freshmen Orientation Day will be held Friday, September 11, from 8 a.m. to noon in all eight Grossmont District high schools.

"The new students will attend classes for only half a day on a minimum schedule in order to meet their new teachers and the administrative staff," said John Barrons, Assistant Superintendent, Educational Operations.

"We have found these orientation sessions to be very popular with students to help them become acquainted with their new school and class schedules," noted Barrons.

School buses will be in operation to and from schools for students eligible for transportation service. For detailed information as to times and locations of bus pick-ups, students may call schools in their area. Monte Vista's number is 465-1300, Mount Miguel can be reached at 463-5551, and Helix students can call 466-4194.

Auditions Set For San Diego Youth Chorale

Auditions for membership in the San Diego Youth Chorale will be held in the Choir Room at San Diego State College Sept. 8, 9 and 15 from 6:30-9:30 p.m., the sponsoring San Diego Recreation Department has announced. Further auditions will follow on Sept. 22 from 6:30-7:15 p.m.

Rehearsals will begin Sept. 22 at 7:30 p.m. at the same location and will follow thereafter on Tuesdays at 6:30 p.m.

The Choir Room is located on the first floor, north side, of the new Music Building.

Robert Boucher, recently appointed as the new conductor of the Youth Chorale, noted, "The San Diego Youth Chorale offers opportunities for top level performance of great choral literature by the musically-talented young people of the San Diego area.

It is designed to be an honor choir, offering an enrichment ment program for the better singers. It is not meant to take the place of a school choir."

The Youth Chorale is open to young people from the ages of 16-25.

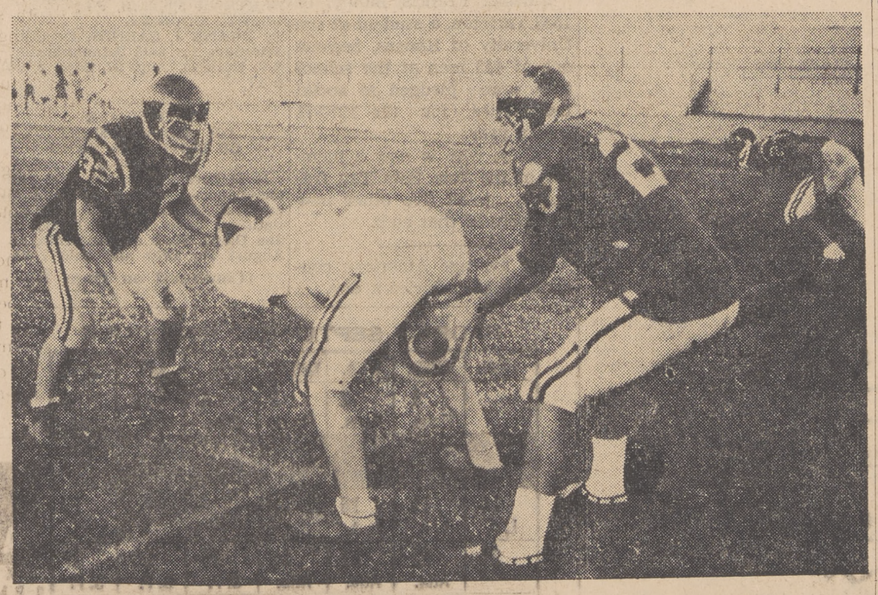
'Smilin' Ed Catches Bullen In Speedway Point Standings

CONDITIONING — Area gridders met Tuesday to begin practice sessions for the upcoming season. Shown here is one player who is getting his legs in shape.

HEAD FIRST — At Mount Miguel, Ben Cipranic likes his team to tackle head first, rather than with the shoulders. Miguel will field a small team this year, so many players need extra work on tackling.

POWER — Monte Vista plans a power-type offense this year, and expects all the players to be at full strength when the season starts. Here, a player works with tackling dummy.



BALL SNAP — Quarterbacking is the name of the game, and when Monte Vista's football team started with practice Tuesday, the offense worked on ball handling.

Hitt Takes First Main Event Win Of The Year

A bit of frustration, disappointment, and happiness came over "Similin' Ed" Hale at Cajon Speedway this weekend, as he spun out twice during the super stock main event, but still managed to finish seventh and take over the lead in the point standings.

The Lemon Grove driver started seventhteenth after winning the trophy dash, and had moved his way up to ninth after eight laps. As he was trying to pass George Esau on the ninth lap, he was bumped into the infield when John Dineen lost it in the south turn and forced Esau into Hale.

Never one to drop out, Hale jumped right back in at the back of the pack, and gunned his car ito sixth place by the time 13 laps had gone by.

More Frustration

Rich White brought him a little more frustration a lap later, when he weaved out of the north turn and bumped Hale into a spin, setting him back eight more cars. Running 14th, Smilin' Ed got stuck in traffic, and couldn't get to the front fast enough to beat Jim Hitt, also a Lemon Grove driver, and five others to the checkered flag.

Finishing seventh could have been a serious setback to Hale in the points race, if it were not for the misfortune of Russ Bullen, who led the points into the action, but didn't finish the race.

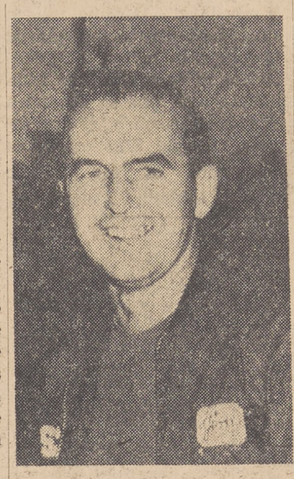
Bullen developed oil pressure problems early in the race, and was forced to the pits with a bad oil pump drive shaft, enabling Hale to go into the points lead with 2970 points to Bullen's 2900.

First Win

The win for Jim Hitt was his first win of the year in the Marck Motors Special, and moved him to within 140 points of Pat McIntyre in the points race. McIntyre is in fourth place, 95 points in back of third place John Dineen.

On Friday night, Hale was again the leading figure in modified and figure eight competition, winning the modified main event, and almost winning the figure eight main, after capturing the "eight" semi-main.

In the modified competition, a few modifications to the Rex Barr Chevy were attributed to Hale's success, as he won his first main event of the year, and the first main event for the car since it was built.



Jim Hitt . . .
Wins First Main

Starting 13th in the race, Hale moved into sixth place after two laps, gaining ground in the turns. By the fifth lap, he was running fourth, and he passed Jim Hitt for third on the sixth trip around the oval.

Take The Lead

By lap nine, Hale was running second, and he roared by Bud Gilbert for the lead on the 13th lap. A yellow flag tightened the pack on the 23rd lap, but Hale pulled away from Jim Wood when the green flag drpped and held the lead until the checkered was dropped.

In figure eight action, it took a board decision Monday night to decide that Hale had not won the main event, and that Mike Klein, a Spring Valley driver, was the winner.

Leads Start To Finish

Hale jumped into the lead on the first lap of the race, and stayed in front of the pack until the checkered flag was dropped, but league officials decided that Klein was the winner.

On the eighteenth lap, a black flag came down, apparently aimed at Hale, as he had lost a wheel and was causing sparks to fly.

Hale, however, would never let something so trivial as the lack of a wheel bother him from racing, and continued on to take the checkered flag.

Association officials ruled that a black flag means to get off the track, regardless of how the driver feels about it.

High School Gridders Begin Practice Drills

Area high school football players started practicing this week, as the first day of organized workouts started Tuesday at Mount Miguel and Monte Vista.

Although many of the players have been doing some work the last few weeks, Tuesday was the first day that high school coaches could drill their teams.

At Monte Vista High, Coach Davies welcomed back 15 returning lettermen his week, including several outstanding offensive players. Tony Harper is expected to be the big man in the offensive backfield, standing six feet tall and weighing 200 pounds.

The leading candidate for the quarterbacking job at Monte Vista is Rick Weathers, a defensive back and wing back last year. The Monarchs also welcomed back Mitch Muhlerman, an all-league guard last year.

Others coming back who are expected to shine this year include Mike Mitchell, who Davies calls "the strongest man, pound for pound, in the Grossmont League," and Jim Arneson, who will captain the defensive secondary.

Davies plans to use a power-type offense, to be complimented by a pretty fair passing game.

At Mount Miguel, Ben Cipranic, who lost 27 lettermen, including Billy Jo Winchester, will be hard pressed to win his share of games, as he fields primarily a sophomore and junior team.

Mount Miguel, known for some of the biggest linemen in the area in past years, will field a team that has a line averaging about 160 pounds.

Although the players on the team will be small, Cipranic has at least one thing going for him this year, in that the kids he has to work with are enthusiastic and "coachable".

He says that the players are in pretty good physical shape, and his strategy will be to win a couple of games early and then "try to hang in there."

JACKPOT — George Wyer, skipper of the HM 80, one of H & M Landings fleet of sportfishing boats out of San Diego, announced that the Second Prize Jackpot winner for the heaviest fish landed in a recent deep-sea fishing jaunt was Normal L. Compton of Lemon Grove. An avid fisherman, Mr. Compton caught and successfully landed his 33½-pound yellowtail in a record 15 minutes. The fish was caught using a 60-lb. test line off the Guadalupe Islands on a recent 5-day fishing expedition.

USIU Starts Practice For 1970 Grid Season

Coach Marv Braden welcomed 75 candidates for United States International University football when practice for the 1970 season began Monday at Cal Western.

Two practices will be held daily for the first two weeks as the Westerners prepare for the first game on a 10-game schedule with the U. of Hawaii at Honolulu, Sept. 19.

Braden has 21 lettermen back from last year's 7-3 team, including 13 on defense and 8 on offense. Among the standouts returning are Dale Curtis, one-armed placekicker who scored 76 points with 11 field goals and 43 extra points in 1969; Gary Miller, 230-pound offensive center; Bill Nugent, leading ground gainer; Marv Bethea and Bob MacCubbin, a pair of defensive tackles, and Tom Raney, a defensive back.

Braden said there are 42 new faces on the squad, including a number of outstanding junior college transfers. They are John Faires, 6-3, 230-pound all-league offensive tackle from Palomar; John Moen, 6-5, 220-pound tight end from Mira Costa; Al Sanchez, 5-10, 170-pound defensive back from Fullerton; Alan Torretto, 6-0, 202-pound linebacker from San Diego City College.

Braden is concerned about quarterbacking more than anything else as he prepares for the campaign. "We lost Wayne Clark, our All-District signal caller, by graduation, and Billy Miller, who was injured early last season, had a ligament operation and is not certain he will play again," Braden said.

"Doug Omer, who was a quarterback for Magnolia High School in Anaheim, was an outstanding defensive back for us as a freshman and saw limited service as Clark's understudy. If Miller decides not to play, Omer will probably get the assignment."

Ontario Speedway To Open Sunday, Heavy Traffic Is Expected

With the opening of the Ontario Motor Speedway Sunday extensive traffic delays are anticipated along all routes in the vicinity of Ontario, according to the Automobile Club of Southern California.

For those planning a trip on that day, it would be best to avoid the San Bernardino Freeway for traffic comfort and convenience.

It is expected that the Pomona Freeway, Route 60 on the south, Football blvd. and Freeway on the north will offer the best traffic service to motorists travelling through the area.

Chargers To Play Before Sellout Crowd Saturday

The San Diego Chargers are certain of one item Saturday. They will play before the largest crowd in club history.

Starting a two-game road trip, the Chargers tangle with the explosive St. Louis Cardinals in the first game of the annual pre-season doubleheader at Cleveland's Municipal Stadium. A sellout throng of more than 85,000 will attend and see the Cleveland Browns against the Minnesota Vikings in the second game.

The Charger game begins at 3:30 p.m. (PDT) and will be televised live and in color by KCST-39 with Bob Chandler announcing. Stu Nahan and Emil Karas will broadcast over KDEO and the Charger network.

Previous high crowd to see the Chargers was 63,786 in New York's Shea Stadium in 1968, which at the time also was the American Football League record crowd.

The Chargers had their third largest home attendance, 53,203, at San Diego Stadium last Saturday night and turned in a strong but losing effort to the powerhouse Los Angeles Rams, 16-14. The defeat was San Diego's second against two wins.

St. Louis is 2-1 with wins over the Cincinnati Bengals, 41-20, and the Chicago Bears last Saturday night, 24-3, after an opening loss to the Denver Broncos, 26-16. San Diego defeated the Bears, 14-9.

A first-time foe for the Chargers, the Cardinals have plenty of firepower in quarterbcks Jim Hart and Pete Beathard, running backs Cid Edwards, MacArthur Lane and Johnny Roland and receivers Dave Williams, Jon Gilliam and Jackie Smith. Their defense features perennial all-pro safety Larry Wilson and former all-AFL cornerback Miller Farr.

'The Shoe' Nears Longdens' Mark

DEL MAR — Biggest racing weekend of the phenomenal Del Mar summer season comes up Saturday and Labor Day. And the action on the track is also sparked by the spine-tingling surge of Jockey Bill Shoemaker in his quest to become the world's winningest rider. He is well within range of John Longden's record of 6032 career victories and the experts are expecting Shoe to hit the bullseye this week.

Saturday's headliner is the 20th running of the famed Del Mar Debutante, a classic for two-year-old fillies at six furlongs which is expected to gross better than $75,000. Almost sure to be the public choice is Clement L. Hirsch's recent purchase, June Darling, winner of her only two starts this season — the Hollywood Lassie Stakes and the first division of the Sorrento Stakes at the seaside.

John Block Back In Rocket Fold

John Block, 6-10 forward, signed his contract for the 1970-71 National Basketball Association season, San Diego Rocket general manager Pete Newell announced this week.

Terms of the contract were not revealed.

Block's signing leaves but two veterans remaining on the unsigned list, forward Toby Kimball and guard Larry Siegfried. Newell said that he sees no problem in coming to terms with the pair and both should be signed by September 15 when the Rockets report for pre-season training.

Block will be entering his fifth season as a professional and fourth with the Rockets. The 26-year-old frontcourt star is one of two remaining charter members of the Rockets, having been acquired by the San Diego club from Los Angeles in the 1967 expansion draft. Kimball is the other.

The biggest man on the Rocket squad, Block at 6-10 and 220 pounds, has been a frontcourt starter the past three seasons and last year also spelled Elvin Hayes at center.

Jim Hitt"s Car Double Winner With Puffer

Diane Porter, a Paradise Hills powder puffer, made the Marck Motors Special a double winner last Saturday night, as she guided the car to the checkered flag at Cajon Speedway.

The car, which was loaned to her by Jim Hitt, who drives it in super stock competition at the Speedway, apparently picked up her winning charm from the 10-lap Powder Puff Derby, and made its way to the front in the super stock main event later in the evening.

Aztec Gridders Ready For 1970 Football Season

The time is drawing near — just two more weeks to the opening of the 1970 college grid season.

With this as the prime thought, head coach Don Coryell is sending his San Diego State Aztecs into their second week of pre-season training. "We were pleased with the way things went in the opening week," remarked Coryell, "but we still have a lot of work ahead of us before the season's opener."

The Aztecs have drawn Northern Illinois University on their starting assignment on September 12 in DeKalb, Illinois. State will meet North Texas State September 19 in Denton, Texas before opening the home season on Sept. 26 against Cal State Los Angeles.

San Diego State concluded its first week of drills last Friday night with a public scrimmage.

Both the offensive and defensive units had their moments of sparkle.

Little Eddie Steward (5-8, 163) looked impressive with some fine breakaway runs from the halfback slot. "Eddie has been a real pleasant surprise," commented Coryell. "He could be a real sleeper — at least for us. Eddie was great in junior college and should work well in our running patterns."

Steward was "Mr. Everything" at Santa Ana JC as he starred in both football and track. He was the leading rusher in the South Coast Conference and was his team's MVP.

A real speed merchant, Eddon last year's Aztec track team. Steward had bests of 9.6 in the 100 and a 21.6 in the 220.

Fellow running backs Marv Owens and Lindsey James had some fine runs and the passing game also looked good. Brian Sipe and Jeff Attebery combined well with newcomer Robert West and established standout Tim Delaney.

Defensively, down linemen Terry Mendenhall, Leon Van Korkum and Andre Morris die was the premier sprinter penetrated quite well. In the secondary, JC transfer Willie Buchanon, Tom Hayes and Galen Pavelko all turned in good performances.

The clash with the Huskies will open State's first regularly-scheduled 11-game season since 1923. The Aztecs played 11 games in 1951 and 1966-67-69 but in each case the additional game was in the form of a post-season bowl appearance. Should SDS repeat as champions of the Pacific Coast Athletic Association, they will have the inside track for a second Pasadena Bowl invitation and an unprecedented 12-game season.

Looking back at the 1923 season, State played only six four-year schools enroute to a 9-2 record. The remaining teams were either junior colleges or service units.

Playing 11-game seasons had meant real success for State. Apart from the 9-2 mark, the Aztecs went 10-0-1 in 1951, 11-0 in 1966, 10-1 in 1967 and 11-0 in 1969.

Surf Dory Race Set For 39th La Jolla Fiesta

With a surf dory race by the National Dorymen's Association and a National Surf Lifesaving Association Rescue Board Championship added to the program, the La Jolla Fiesta and 39th Rough Water Swim will be held Sept. 13 at La Jolla Cove.

The one-mile ocean swim, a historic event that is always the feature of the Aqua Fiesta, will be dedicated this year to Florence Chadwick, famed channel swimmer and a previous winner of this event.

Festivities will start at 9 a.m. with the dory races which may involve as many as 12 racing teams. The Jolla Cove Surboard Paddling Championship will follow at 11:15 a.m. preceding the National Surf Lifesaving Association Rescue Board race at noon.

Junior rough water swim events for boys and girls in 10-and-under and 11-12 years will follow at 1 p.m. with the women's and men's rough water swims slated for 2 and 2:30 p.m.

Paul Schminke and Bill Ross are co-chairmen for the Aqua Fiesta. The aquatic events are conducted by the San Diego Recreation Department and the Pacific Southwest AAU Swimming Commitee under sponsorship of the La Jolla Town Council.

Chargers To Take Over Santee Hills

The suburban hill-country community of Santee will be the new parmanent training base for the San Diego Chargers.

Charger General Manager Sid Gillman announced today that the National Football League team has entered into a 17-year contract with the Bran-D Construction Company of Santee to build an athletic complex for the year-round use of the Chargers.

To eventually encompass 75 acres, the area will be developed as a complete athlete and recreational complex to be used by the Santee Youth Association in addition to the Chargers.

Gillman said the contract was "another milestone for the Chargers this year. We entered into a permanent scouting combine (with Los Angeles San Francisco and Dallas) and moved into our new executive offices at San Diego Stadium. Now we are looking forward to having the finest training facility in pro football."

The Charger training complex will be located in the Carlton Hills area adjacent to Mast Park and the Carlton Oaks Country Club. It will be used by the team for all its training — summer camp, in season practice and off-season conditioning. Occupany begins next summer.

The 17-year contract between the Chargers and Bran-D coincides with the 17 years remaining on the Chargers' 20-year ocupancy lease at San Diego Stadium.

They have trained during the season at Sunset Park in La Mesa since 1963 and will remain there this year under the final year of a contract with the City of La Mesa.

In 1971, the Chargers head for the hills of Santee.

Fahey Joins Fraternity

Edward Francis Fahey, of 1533 Tarleton, a student at the University of Kansas, became one of 443 men at the school who were pledged to social fraternities for the 1970-71 school year.

Fahey, who is now a member of the Zeta Beta Tau fraternity joins five other new members of that club.

The average American consumes 3,140 calories a day.

Doubleheader Planned For Labor Day

The San Diego Padres will salute San Diego County Servicemen with gala ceremonies before and between games of the holiday doubleheader against Houston on Labor Day, next Monday Sept. 7.

Two bands, a choir, a flag ceremony, a championship drum and bugle corps, color guards and a precision drill team will entertain fans as the Padres battle the Astros in two games starting at 1 p.m.

More than 3,000 servicemen will be guests of the Padres at the games.

The Padres will be returning to San Diego Stadium for a nine-game home stand that features, in addition to the Houston series, three games with Atlanta and three with the western division leader Cincinnati.

After the Labor Day twinbill, the Padres entertain the Astros on Tuesday night, host the Braves with a twi-night doubleheader Wednesday, Sept. 9, and a single contest the following evening.

The Reds arrive in San Diego for a three-game weekend series Sept. 11, 12 and 13.

Tickets for the Labor Day games as well as for all Padre contests are now on sale at the Padre ticket offices at the Stadium by mail — Box 2000, San Diego Stadium — or by phone, 283-4494. Tickets also are one sale at Ticketron outlets located throughout San Diego County.

More Study For Chicken Inspectors

SAN DIEGO (CNA) — Information furnished to the county's ad hoc committee on poultry reglations from the county planning department shows there are 72 nonconforming operations in the unincorporated territory.

Committee member Richard Sims, speaking for the committee, asked the board of supervisors at a hearing on nonconforming ranches to give the committee at least two weeks to study the material.

Supervisor Harry Scheidle has suggested that the nonconforming ranches be declared illegal after ten years.

The board was willing to grant a continuance, but as the board has so much business scheduled before it that it was decided to hold the matter until Oct. 14 at 2 p.m. for a concurrent hearing on a revision of the regulatory ordinance.

Eleven of the nonconforming ranches are in the Spring Valley-Lemon Grove area.

Judge Crawford Completes NCSTJ

Judge George Crawford of the Municipal Court of San Diego was one of the 127 graduates of an intensive four week course in the rapidly changing area of criminal and civil law.

Participants were selected from a total of 5,000 judges nationwide and spent six hours a day in actual class time and were required to spend four hours per day on outside reading, in addition to seminars held five nights a week.

The National College of State Trial Judges signifies a national effort on the part of judges to give justice more reason, integrity and fairness when an alternative to violent dissent is sorely needed.

Deddeh's Bill Removes Mentally Ill Teachers

Assemblyman Wadie P. Deddeh has gained final passage of a bill which would remove a school teacher from the classroom because of questionable mental competence.

"This bill," Deddeh said, "reduces the possibility of your child being in a classroom of a mentally imbalanced teacher."

In AB716, the suspected teacher can be temporarily suspended or reassigned immediately — while the school board goes through the procedure of creating a medical committee of psychiatrists. It is the job of the medical committee to advise the board on the state of the teacher's sanity.

Deddeh said his bill received active support from the teachers association, the school administrators and the California School Boards Association.

The bill contains complete safeguards for the teacher's reputation as well as giving school boards greater authority, he said.

"If a teacher should become unstable — perhaps because of a divorce or a death in the family — we still want to remove that person as quickly as possible until he recovers. Under this bill, immediate action is possible."

Later, if it is determined that it was all a mistake, all the records would be discarded. In cases where the school board found a problem, the teacher would be put on a mandatory sick leave with whatever time he had earned.

Uniform Building Code Called Great Step

"Adopting uniform building regulations throughout San Diego County was a tremendous step which is saving millions of dollars a year in construction costs," Stanley C. Scott, Execuive Director of the San Diego chapter of Building Contractors of America said.

San Diego County is one of the first areas in the nation to bring building codes of all cities and unincorporated areas into agreement, Scott said.

The greatest saving is in time of architects and builders, Scott said, but one change in wiring specifications will save $75 to $300 per apartment in most cities. Before the new regulations were adopted, one city had 46 similar changes to the general standards.

George Romney, Head of Housing and Urban Development, has recently directed national attention to the need for wholesale revision of archaic building codes which delay and inflate cost of needed housing.

That problem, according to Scott, has been solved in San Diego County and homeowners will benefit in dollars and cents, speedier construction, and better values.

Duffy Gains PORAC Aid

Sheriff's Captain John F. Duffy, a candidate for Sheriff in the November general election has been endorsed by the San Diego Chapter of PORAC (Peace Officers Research Association of California).

The local chapter represents all police officers, deputy sheriffs and deputy marshals in San Diego County and is dedicated to the professionalization of law enforcement.

The announcement was made at a fund raising banquet attended by 300 East County supporters at Carlton Oaks Country Club in Santee.

"I consider this expression of support by the entire law enforcement community in our county the highest compliment I could receive," Duffy told the group. "You can be sure that I will continue to work for the professionalization of our county's peace officers."

Captain Duffy has long been active UORAC affairs. He is a former vice-president of the local chapter, has chaired several committees, and represented the Statewide group of 30,000 peace officers in Sacramento with legislation designed to improve law enforcement.

FACELIFT — The Lemon Grove Fire House got the advantage of a new look this week, as the remodeling was completed of the new office. Furniture was expected to be moved in by today.

Boney Names Cordell As Finance Chairman

Henry Boney, Republican candidate for State Senate in the 40th District, announced the appointment of civic leader Charles Cordell as finance chairman of his San Diego County campaign organization.

In 1969 Cordell served as president of the San Diego 200th Anniversary, the organization which successfully guided the City's bicentennial observance. It was a year long program of special events which brought visitors to the county from throughout the nation and abroad, adding millions of dollars to the area's tourist revenue.

He is past district chairman of the Grossmont Boy Scout District, past chairman of the El Cajon Branch of the Red Cross and past chairman and a member of the El Cajon Chamber of Commerce Aviation Committee.

He also is a founding board member of the Heartland YMCA Branch and on the Board of Directors of the El Cajon Chamber of Commerce.

Rockhound Club Takes Field Trip In Carlsbad

The first field trip for the "Jem Gypsies", a local rockhound club, was held at Carlsbad Beach, August 9, along with a picnic. More than twenty members of the club were led in the exploration there by club president Hank Reib.

Another venture is scheduled for the Labor Day weekend, as a group from the club search a mine in McCain Valley for specimans. For information call 465-8787.

NEW DA? — Assistant District Attorney Bob Thomas, center is being greeted by Sheriff's Deputy Neal Traver after Thomas won the support of PORAC in the upcoming election. National City Police Department Sgt. Frank Chenelle, president of San Diego chapter of PORAC looks on.
PORAC is the Peace Officers Research Association of California with which most sheriffs, marshals, and city police and constables are associated.

Brink To Be Guest Of Bob Monagan

Bill Brink will be guest of Speaker of the State Assembly, Robert Monagan, at the "Cal-Plan Benefit Dinner," Friday, September 11, at the Town and Country Hotel.

The 8 p.m. dinner, a $125 per-person affair, is being jointly sponsored by the Republican State and County Central Committees. The speaker at the dinner will be Vice President Spiro Agnew.

Several hundred Republican leaders, workers, and members of the State Central Committee will attend the dinner, which will be the social highlight of the three-day Republican convention. Proceeds of the dinner will be divided among local and state Republican candidates.

Brink, nominee for the 77th Assembly District seat, will join Monagan and other Republican leaders in hearing Vice President Agnew review programs of the Nixon administration.

The "Cal-Plan" has been in operation in California since 1966. It is a concentrated effort by Republicans in key Assembly and Senate districts where Republicans have the best chances of unseating incumbent Democrats.

Since its inception, the Cal-Plan has been over 80% successful. It has resulted in the G.O.P. now holding 40 Assembly seats. Brink is campaigning to become the 41st Republican Assemblyman, giving Governor Reagan a working majority in that body of the legislature.

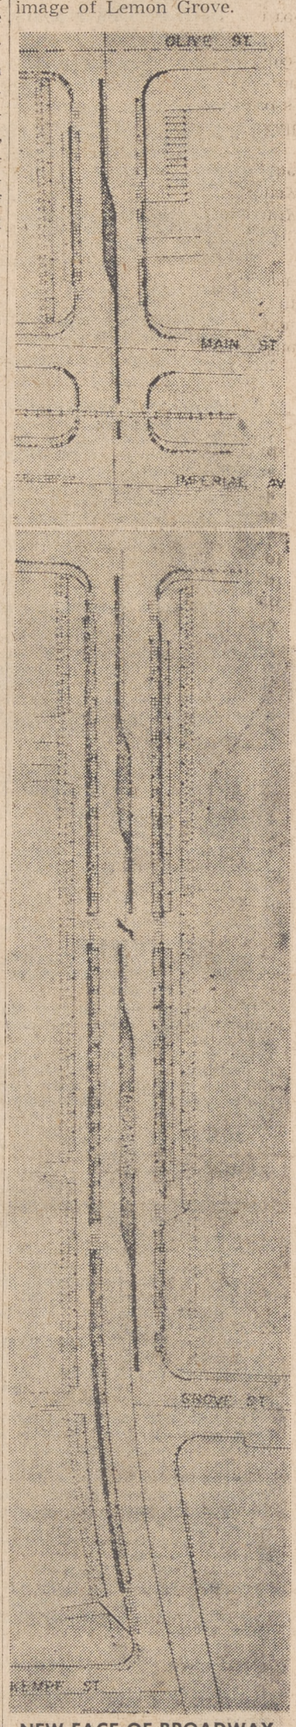
Broadway Landscaping

(Cont. from page 1)

the thoroughfare should get the face-lifting.

Massman said that the driving area on Broadway between Olive and Kemp would be improved in any event. Petitions will be supplied to the Chamber of Commerce and must be filed within six months, he said.

Postmaster F. Faucher made the motion that the entire improvement be made after President Russell told the importance of improving the image of Lemon Grove.



NEW FACE OF BROADWAY — Drawing shows proposed improvement from Kempf to Olive st. Opening of Main-Olive bottleneck, channelized median strips, and curb-controlled parking, are among the features. Medians will be landscaped.

School Offers Class
